

Dear Families,

We, the Upper El teachers, are very excited to be your child's teachers next year! We love this age level and are delighted to be guiding a new group through the 9-12 program at Woodland Hill. We anticipate many fun learning moments together.

Here is a list of supplies for the work and play we'll do in school. It's a list generated from years of experience with supplies. Some of the items are pricey, but long-lasting.

We prefer to keep classroom supplies simple, not distracting. The storage space is limited, so we have an intentionally streamlined list. We also try to use environmentally-friendly fabrics (less plastic) when affordable.

It's nice to have carpets that remain clean and mud-free, which is why we request one pair of indoor shoes, which remain at school. Appropriate outdoor clothing is essential because we go outdoors under most weather conditions.

The phase-in week is a special time for students. Please plan on letting them have the pleasure of bringing their supplies into school on their special first day.
