

Woodland Hill Montessori School Quarantine and Return to School Policy

Updated January 6, 2022

COVID Positive (at-home or laboratory test)

- Isolate for 5 days (day 0 is the day of symptom onset or positive test, whichever came first)
- Individuals may return to school after the 5 days under the following conditions:
 - have not had a fever in the 48 hours without fever-reducing medication
 - no runny nose
 - no cough
 - are able to wear a well-fitting face mask. Medical grade, KN95, KF94, N95, or a double mask (medical under cloth) are acceptable
 - a negative rapid antigen test result from day 5 has been shared with the school:
ksingh@woodlandhill.org and medwards@woodlandhill.org

After testing positive for COVID, individuals should wear a well-fitting mask around others for an additional 5 days after isolation ends.

COVID Exposure & Fully Vaccinated

- No quarantine needed (may come to school)
- Wear a well-fitting face mask around others. Medical grade, KN95, KF94, N95, or a double mask (medical under cloth) are acceptable for 10 days after last exposure
- Test on day 5 with rapid-antigen test
- If symptoms appear, quarantine and get tested

COVID Exposure & Not Fully Vaccinated

- Quarantine for 5 days (day 0 is the last date of exposure)
- Wear a well-fitting face mask around others. Medical grade, KN95, KF94, N95, or a double mask (medical under cloth) are acceptable for 10 days after last exposure
- Test on day 5 with rapid-antigen test
- If symptoms appear, continue quarantining and get tested
- Not fully vaccinated individuals may return to school after the 5 day quarantine under the following conditions:
 - are not experiencing any [symptoms](#) that could be associated with a COVID-19 infection
 - are able to wear a well-fitting face mask. Medical grade, KN95, KF94, N95, or a double mask (medical under cloth) are acceptable
 - a negative rapid antigen test result from day 5 has been shared with the school:
